

Rocket®

Multipurpose Drainage Catheters

Rocket Medical offer a new solution to the challenge of maintaining a soft, kink free material with the need to prevent ruckle back during insertion.

- **EasyTip™ CORE** to prevent ruckle-back, minimising resistance during insertion; reducing discomfort and speeding correct placement.
- **SOFT, KINK FREE** catheter material, improves patient comfort and prevents unnecessary catheter replacement caused by harder, 'kink resistant' materials.
- **COMPLETE WITH BAG CONNECTION SET** to reduce costs and make the EasyTip™ even better value for your department or ward.
- **SECURE LOCKING SYSTEM** to give reliable pigtail locking without cumbersome 'keys' or bulky hubs. Self adhesive removal instructions (for addition to the patient's notes) are provided with every locking drain.

Description	Size	Code
Rocket® Multipurpose Drainage Set: plain, pigtail catheter, trocar and stiffener set, 30cm x 6 drainage holes complete with bag connection set	6FG	R58810-06-30
